## Summary *Who I am*

---

Award winning web developer and experienced graphic designer looking for innovative ways to advance communication through digital media.

## Education *What I have learned*

---

**Monta Vista High School** 2009-2013

» Have taken AP Comp Sci and Graphic Design, and received a 3.96 GPA, 2340 SAT I, 230 PSAT

**Stanford University** Summer 2011

» Have taken CS193C *Client-Side Internet Technologies* and received a 4.0 GPA

## Experience *What I have done*

---

**Polycom Inc., Software Developer** Summer 2012

» I developed an online interviewing application which allows Polycom's HR department to schedule live video interviews with potential hires, thus increasing the company's efficiency.

**Vivu Inc., App Developer** Summer 2011

» I worked on porting Vivu's online teleconferencing software into a Facebook application in order to expand the company's user base towards a larger consumer audience.

**Monta Vista FBLA, Director of Technology** 2010-2013

» I built and maintained the club's website, social media presence, helped train and prepare all technology competitors, and created all marketing and promotional materials for the school year.

**Monta Vista WebDev, Vice President** 2011-2013

» I organized activities and lesson plans for students, taught various web design skills and techniques including HTML, CSS, Javascript, and PHP, as well as conducted student competitions within the club.

**La Pluma, Webmaster** 2012-2013

» I designed and deployed an online public submission system for La Pluma magazine's creative pieces including student submitted stories and photography.

## Skills *What I can do*

---

**Programming** Java, HTML, CSS, JavaScript, AJAX, jQuery, PHP, MySQL, Rails, Node.js, Git

**Design** Adobe Creative Suite – Dreamweaver, Photoshop, Illustrator, Fireworks, InDesign

**Photography** DSLR camera photography, and Photoshop Lightroom post-process editing

## Awards *What I have achieved*

---

**FBLA Management Information Systems** Summer 2010

» 1<sup>st</sup> place National Champion – Designed solutions involving database and online systems management

**FBLA E-business** Summer 2011

» 3<sup>rd</sup> place National Finalist – Developed an online student store selling apparel and other items

**FBLA Web Site Design** Summer 2012

» 8<sup>th</sup> place National Finalist – Developed a website for students to join local community organizations

**FBLA Electronic Career Portfolio** Spring 2013

» 1<sup>st</sup> place State Champion – Presented my online portfolio of web and graphic design work
